

KS4 Progress Reports

Target Grades

- *Our targets are set using the Fischer Family Trust (FFT) database*
- *The FFT data uses previous performance data to show the level of progress we can expect from KS2 to KS4*
- *These are the targets that are set based upon the performance of the top 5% of similar schools in the country*
- *Target grades are aspirational but realistic for all students.*

Predicted Grades

- *These grades are predictions or estimates*
- *They show what teachers believe is the most likely outcome for each student at the end of the KS4 course*
- *These predictions will be 'fine grades' showing A, B or C (1, 2 or 3 for old grades)*

Working at Grades & Attitude to Learning Scores

- ***Attitude to Learning scores are between 1 and 4***
- ***Working at Grades show the grade a student would achieve if they were to sit the exam at that moment in time***
